

HABIT TRACKER

A large, semi-circular habit tracker grid. It consists of 10 concentric arcs and 12 radial lines, creating a grid of small squares. The grid is designed to track habits over time, with the semi-circular shape suggesting a 6-month or 1-year cycle.

ROTUNDUS

Rotundus is a registered Community Interest Company in England and Wales 11385040
All profits are used to support men and their mental ill-health.
